

# Mustang Owners Club of Austin, Texas Regional Chapter, Mustang Club of America

Congratulations! You are an admirer of one of the great motorcars of our time, the Ford Mustang. The car is now more than 40 years old and a tradition in the hearts of both young and old. Whether you are interested in the classic models, the late models, or any Ford enthusiast vehicle, we all share a common interest in admiring some of America's finest!

Our club members engage in numerous family oriented activities throughout the year. We swap information and parts, assist both buyers and sellers, socialize and take driving tours, and enjoy workshops and seminars. Some of the membership enjoys racing, while others enjoy original restoration, but we all enjoy meeting and welcoming new members to our club!

### Annual Membership Fee: \$25.00
